

Your 2023 Impact

Our team want to thank you for your commitment to tree planting & the impact you have had on our planet since our partnership began. Here are your 2023 results:

At a Glance

2185

Trees planted

238.12t

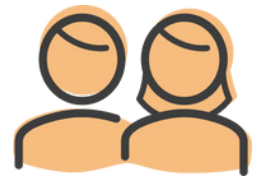

*CO2 absorbed

0.44ha

Land reforested

21.85

Workdays created

*Estimated carbon absorption across the lifetime of the trees

A Message From Our Founders

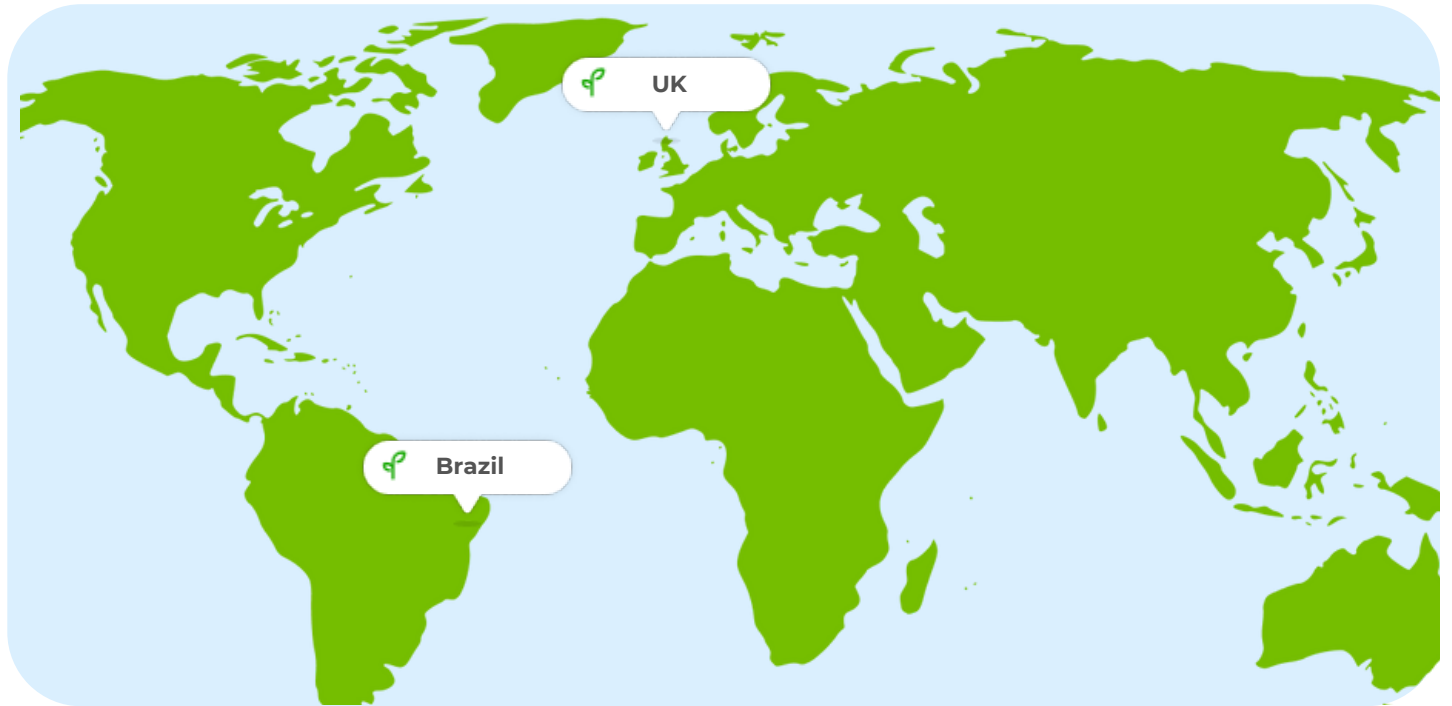

"It's incredible to see the growth in our partnerships over the last 12 months and how collaborating with some of the world's leading brands has rapidly expanded our global climate impact!"

Planting millions of trees and helping thousands of leading businesses to become greener is an amazing achievement for us. We want to thank you for your crucial role in this journey toward a more sustainable future."

Jules Buker and Godefroy Harito
Co-Founders

Countries You've Supported

Species You've Impacted

We bring together the best experts to ensure we plant the **right trees in the right place**. Which is why we have now planted 200+ different tree species and helped numerous local animal species thrive in their environment.

Here are a few of the species you've helped by planting with us:

Strawberry Guava

English Oak

Wild Cherry

Serra Antbird

Lapwing

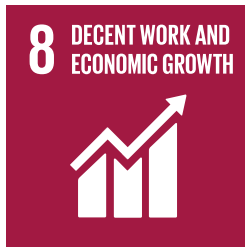

Yellow Hammer

UN Sustainable Development Goals

Each project is strategically crafted to directly align with at least one UN Sustainable Development Goal (SDG). Through your commitment to tree planting, you help us contribute to various SDGs, such as:

Providing employment opportunities for local farmers in Brazil (SDG 8), reviving the vitality of forests in Brazil (SDG 13), supporting reforestation projects and local biodiversity across the UK (SDG 15), and restoring wildlife habitat in Brazil (SDG 15).

Your Support Empowers Treeapp to achieve the following SDG's:
